### **CAREER OBJECTIVE**

Aspiring Computer Science Engineer with a strong foundation in Java, SQL, and web technologies, passionate about leveraging technology to solve real-world challenges. Eager to contribute by developing scalable, user-friendly, and innovative software solutions. Committed to continuous learning and collaborating in dynamic environments to drive impactful results.

### **EDUCATION**

B. Tech (Computer Science Engineering) Marri Laxman Reddy Institute of Technology and Management	2021 - present 9.11 CGPA
Intermediate (MPC) New Kakatiya Junior College	2019-2021 88.2%
SSC (X Class)	2018 - 2019
Indrani High School	9.8 GPA

## **SKILLS**

Programming LanguagesJava, C, SQL(MySQL)Web TechnologiesHTML, CSS, JavaScriptTools and TechniquesPower BI, MySQL

**Soft Skills** Creative Thinking, Team work, Adaptability

# **PROJECTS**

#### **Online Book Store**

• Developed a simple online bookstore using HTML and CSS, featuring book search and selection functionalities, along with sections for store information and user inquiries, ensuring a user-friendly experience.

### Portfolio Website

• Created a personal portfolio website to showcase projects, skills, and professional experience. Designed a clean, responsive layout using HTML and CSS, with sections for bio, project highlights, and a contact form, focusing on simplicity and user-friendly navigation.

### **Hotel Booking Project**

• Developed a Java-based Hotel Management System with a robust MySQL backend. This Java-based Hotel Management System enables room booking, food ordering, and checkout management, supporting single and double rooms, tracking availability, and generating guest bills.

# **CERTIFICATIONS**

- **Tata Data Visualization:** Empowering Business with Effective Insights Job Simulation on Forage July 2024
- **Cisco Certification** C Programming
- EF SET English Certificate (C2 Proficient)
- **SOL Certification** from 365 Data Science
